

„SHARON HOUSE” – a home for mom and kids

**The project supports single moms to care
their kids**

MISSION SALVATION foundation

Divorce, husband’s death, violence, unexpected pregnancy before marriage ... - many reasons to stay alone.

The single mom is in a situation to provide love, attention and financial support for the kids or to give rights to the social institutions for the kids.

The project **“SHARON HOUSE – a home for a mom and kids”** gives chance to the single mom to live in a special “home atmosphere” where the family will be restored and “will keep go on”. The single mom, herself, will keep the family together and kids – happy.

** Sharon - flowering shrub, the rose of Sharon. The name in Bulgarian is “Sharena, which means “Colored house, a house in many colors”*

Strategy of “building” a Sharon”house

STEP A.

- Renting an apartment where the mom will live with the kids/ It is possible the apartment to be used from 2 moms and their kids/.
- Providing food, a job, child care.
- Voluntary workers of the MISSION SALVATION will be close to the family and help by counseling and daily needs.
- Period of time – depends on every specific situation – 6 months, 1-2 years

There are two SHARON HOUSES in Sofia , started by MISSION SALVATION foundation.

Sharon house # 1 - started in 2010. Now there are 2 moms there with 3 kids at ages 4,5 and 7. One of the moms is in a process of graduation.

Sharon house # 2 – started in December, 2011. There is one mom with 4 kids there – ages 2, 8, 12, 14. Her husband is in the prison and will be set free in September, 2013.

STEP B.

The project supports also moms who have their home but they need some monthly financial support for food or for education.

Real examples:

- *Support for a mom with 2 kids/6 years old and a baby – 2months/ - a widow*
- *Support for a mom with 3 kids/4 and 3 years old and a baby 1 year old/ - the mom is an orphan herself too. She is provoked to leave the kids to the social institutions because she can't work now.*
- *A mom with one kid/7 years old boy/ - she is divorced, working but in a hard financial situation.*

Expectations of the projects:

- During the stay in the Sharon house the mom survive the stress because of the new situation in her life.
- The kids receive care directly by their mom.
- During this period of time the mom finds all possibilities for realization and will be able to make some future steps. Most of moms finish their education.
- The kids are accepted in the kinder garden and become part of the educational programs.

One year is a good period for rehabilitation and restoration, receiving new hope and vision for the future.

Monthly financial support for one "SHARON HOUSE"

No	Monthly expenses	BGN	\$	EURO
1.	Renting an apartment	350 lv		
2.	Water and home expenses	50 lv		
3.	Electricity and heating	250lv		
4.	Food	300 lv		
	TOTAL	950 lv	633\$	487 Euro

- Note! The mom will contribute too for the family budget if she has a job- that's why this is a basic price.
- The expenses for **clothes, education, medicines are not included here**

The project is supported by private donators and some charity events. On the website is available all information concerning the monthly donations

Every 2 weeks on the website www.missionbg.org everybody could see the barometer of the donation and the names of all donators for the project.
